About Open Science Cafés

Open Science Cafés are online webinars that combine discussions known as "World Café" discussions with training workshops. These Open Science Cafés are part of the training provided by UC3M and are open to all teaching and research staff (PDI) and interested researchers (particularly our YUFE colleagues), as well as doctoral students, as part of their specific cross-disciplinary training in Open Science (UC3MTicket2OS).

Each Open Science Café will be a virtual session focusing on a key aspect of Open Science that will be discussed during that session. Each session will last approximately 1 hour and will include a 30-minute presentation by an expert in the field, followed by a 30-minute discussion (which may range from Q&A to co-creative activities). All webinars/workshops will be conducted in English at 3:00 PM. CEST, as per the proposed schedule. You can register for 1, 2, etc. seminars for free. To be eligible for a certificate of training from Human Resources, you need to attend at least 4 out of the 7 Open Science Cafés.

This training activity is organised by OpenScienceLab @UC3M as one of the training activities of the EU funded project Skills4EOSC, with the collaboration of UC3M-Open Science Unit (UniOS)

Sessions

Session 1: 20 March 2024

OS Café 1 (20/03/2024): 15:00 to 16:00: *Open Science: lessons and help from OpenAire.* Giulia Malaguarnera. OpenAIRE Outreach and Engagement Officer. Ex-president of EURODOC.

Session 2: 3 April 2024

OS Café 2 (03/04/2024): 15:00 to 16:00 *Open Science in the new ERA (European Research Area) and Horizon Europe.* Javier López Albacete. Policy Officer. Open Science and Research Infrastructures. DG Research & Innovation. EU Commission.

Session 3: 10 April 2024

OS Café 3 (10/04/2024): 15:00 to 16:00. *Create your Data Management Plan (DMP) and make your data FAIR.* Joy Davidson. Associate Director. Digital Curation Centre. FAIR-Impact EU funded project.
